

Permission to use computers at Castro School

Child's name _____

Room _____ Teacher _____

Dear parent or guardian:

As your child's teacher, I would sometimes like to use the computer to help teach your child the skills he or she needs to learn. Please read the guidelines below with your child and check the appropriate spaces. Then, you and your child should sign the paper, and return it to me as soon as possible.

Computers are used at Castro School for learning. In using the computers, students agree to

- Following the teacher's directions while on the computer, including using only the software and websites the teacher has selected for them to use
- Not change settings on the computer or download software without permission
- Report any problems to the teacher immediately
- Treat the computer equipment with care

____ **Yes**, my child may use the computers as directed by the teacher.

____ **No**, I do not want my child using computers at school.

Student's Signature _____

Parent's Signature _____ Date _____

School staff occasionally post material on school-related websites. Please check the appropriate spaces below. Please note that we do not post children's full names. We also do not run children's first or last names or initials with their photographs.

____ It is OK to post material my child has written or drawn.

____ It is OK to post my child's first name (for example, to identify who wrote a story or drew a picture).

____ It is OK to post my child's initials.

____ It is OK to post a photograph that includes my child. (The child's name/initials would NOT be included with the photograph.)
